

SAMPLE Retrospective Test

Before you took the training, which of these practices did you already do?

1. Safety glasses must be worn in workshop when machines or tools are in use.
2. Shoes that cover the entire foot must be worn when working with tools.
3. Hearing protection should be worn in certain areas of the shop, when loud equipment is in use.
4. Conversely avoid distracting others.
5. No running or horseplay in workshop.
6. Clothing and jewelry must not be worn that could become caught in equipment.
7. Long hair should be properly secured back.
8. Before operating tools or machinery make sure you are authorized.
9. Report any loose, broken or out of adjustment tools, machines, jigs and fixtures.
10. Tools, equipment, jigs and fixtures should only be used in the manner in which they are intended.
11. Never test a tool for sharpness by touching its edge.
12. Finishing materials (paints, solvents and stains) should only be used according to instructions in the proper locations.
13. Report any injuries immediately.
